AIRBUS UK DESIGN HEADQUARTERS

This is an exciting and dramatic entrance canopy for the UK Airbus Design Headquarters in Bristol.

We were able to use the structural elements of the building to create the striking fabric form, which reinforces a strong corporate identity with its underlying emphasis on flight, as well as providing a clear landmark for visitors.

The canopy takes rainwater to a discreet hopper behind the column, then down inside the column to a hidden gully.

Main Contractor: C H Pearce Construction, Bristol
Architect: W S Atkins
